

KwikMed™ Appointed Exclusive Online Distributor of ella®

KwikMed™ has launched a new site to prescribe ella®, the only FDA approved online emergency contraceptive effective for up to 5 days after contraceptive failure. KwikMed™ is the exclusive online provider for ella® and is licensed by the Utah Division of Occupational and Professional licensing to facilitate the prescribing of select FDA approved medications online.

Scottsdale, AZ ([PRWEB](#)) December 3, 2010 -- On December 1, 2010, KwikMed™ announced that FDA approved ella® (ulipristal acetate) 30 mg, is now available online by prescription in the United States through the [ella-KwikMed.com](#) website. ella® is the only FDA approved emergency contraceptive that can help prevent unintended pregnancy when taken up to 5 days after contraceptive failure.

“This is a very exciting opportunity for KwikMed™ and we appreciate the opportunity to illustrate the high quality of care we offer on the Internet at a significantly lower cost than traditional medicine,” says KwikMed™ CEO Peter Ax.

KwikMed’s™ physicians, who are licensed to prescribe online, review all patient online diagnostic assessments. Then, if approved, the physician will write a prescription which is sent to KwikMed’s™ fulfillment center in Salt Lake City, Utah. ella® is then delivered to the patient overnight in a discreet package. Packages may also be sent for pickup at a nearby Fed-Ex office location.

"Through the ella-KwikMed website, we are now able to offer women access to emergency contraceptive medicine in a private and convenient setting," says Ax.

Time is of the essence when it comes to emergency contraception and now with the new ella-KwikMed online prescribing site, ella® can be delivered safely and efficiently the next day.

About KwikMed™

KwikMed™ is the only online healthcare service licensed to facilitate the prescribing and delivery of FDA-approved medications. Currently KwikMed™ has physicians licensed to prescribe [Viagra®](#), [Cialis®](#), [Levitra®](#), [Chantix®](#), [Propecia®](#) and ella®. Backed by fully licensed doctors and pharmacists, KwikMed’s™ extensive interactive online assessment is often far more thorough than a traditional face-to-face consultation with a doctor, allowing KwikMed™ to treat conditions and diseases that can be safely managed without a face-to-face office visit with a physician. KwikMed’s™ revolutionary approach is creating a new channel for healthcare delivery, expanding patient options and increasing personal control. Based in Utah and regulated by the Utah State Department of Occupational and Professional Licensing, KwikMed™ is wholly owned by Phoenix Capital Management of Scottsdale, Ariz.
